

Preview and Print Rubric

CLP Task 1 (0516)

Select the performance descriptors that you want to include in your printout.

You may wish to change your printer settings to “landscape” mode if you have a rubric with many performance columns.

	0=UNSATISFACTORY/NOT PRESENT	1=NEEDS IMPROVEMENT	2=COMPETENT
ARTICULATION OF RESPONSE (CLARITY, ORGANIZATION, MECHANICS)	The candidate provides unsatisfactory articulation of response.	The candidate provides weak articulation of response.	The candidate provides adequate articulation of response.
A1. FUNCTIONAL REQUIREMENTS FOR TERMS	The candidate does not provide an Android (version 4.0 or higher) mobile application, or the candidate provides an Android (version 4.0 or higher) mobile application that includes 0 or 1 of the given points for <i>each</i> term.	The candidate provides an Android (version 4.0 or higher) mobile application that includes 2 of the given points for <i>each</i> term.	The candidate provides an Android (version 4.0 or higher) mobile application that includes all 3 of the given points for <i>each</i> term.

	0=UNSATISFACTORY/NOT PRESENT	1=NEEDS IMPROVEMENT	2=COMPETENT
A2. TERM ADDITION FEATURE	The candidate does not provide an Android (version 4.0 or higher) mobile application that includes features that allow the user to add as many terms as needed.	N/A	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to add as many terms as needed.
A3. VALIDATION IMPLEMENTATION	The candidate does not provide an Android (version 4.0 or higher) mobile application that includes validation so that a term cannot be deleted if courses are assigned to it.	N/A	The candidate provides an Android (version 4.0 or higher) mobile application that includes validation so that a term cannot be deleted if courses are assigned to it.
A4A. COURSE ADDITION	The candidate does not provide an Android (version 4.0 or higher) mobile application that includes features that allow the user to add as many courses as needed.	N/A	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to add as many courses as needed.

	0=UNSATISFACTORY/NOT PRESENT	1=NEEDS IMPROVEMENT	2=COMPETENT
A4B. LIST OF COURSES	The candidate does not provide an Android (version 4.0 or higher) mobile application that includes features that allow the user to display a list of courses associated with <i>each</i> term.	N/A	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to display a list of courses associated with <i>each</i> term.
A4C. TERM DETAILS	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to display a detailed view of <i>each</i> term, which includes 0 or 1 of the given points.	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to display a detailed view of <i>each</i> term, which includes 2 of the given points.	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to display a detailed view of <i>each</i> term, which includes all 3 of the given points.

	0=UNSATISFACTORY/NOT PRESENT	1=NEEDS IMPROVEMENT	2=COMPETENT
A5. COURSE DETAILS	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to include 0–2 of the given points for <i>each</i> course.	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to include 3–4 of the given points for <i>each</i> course.	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to include all 5 of the given points for <i>each</i> course.
A6A. ASSESSMENT ADDITION	The candidate does not provide an Android (version 4.0 or higher) mobile application that includes features that allow the user to add as many assessments as needed to <i>each</i> course.	N/A	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to add as many assessments as needed to <i>each</i> course.
A6B. OPTIONAL NOTES	The candidate does not provide an Android (version 4.0 or higher) mobile application that includes features that allow the user to add optional notes for <i>each</i> course.	N/A	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to add optional notes for <i>each</i> course.

	0=UNSATISFACTORY/NOT PRESENT	1=NEEDS IMPROVEMENT	2=COMPETENT
A6C. COURSE INFORMATION	The candidate does not provide an Android (version 4.0 or higher) mobile application that includes features that allow the user to enter, edit, and delete course information for <i>each</i> course.	N/A	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to enter, edit, and delete course information for <i>each</i> course.
A6D. OPTIONAL NOTES	The candidate does not provide an Android (version 4.0 or higher) mobile application that includes features that allow the user to display optional notes for <i>each</i> course.	N/A	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to display optional notes for <i>each</i> course.

	0=UNSATISFACTORY/NOT PRESENT	1=NEEDS IMPROVEMENT	2=COMPETENT
A6E. DETAILED VIEW	The candidate does not provide an Android (version 4.0 or higher) mobile application that includes features that allow the user to display a detailed view, including the due date of <i>each</i> course.	N/A	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to display a detailed view, including the due date for <i>each</i> course.
A6F. ALERTS FOR COURSES	The candidate does not provide an Android (version 4.0 or higher) mobile application that includes features that allow the user to set alerts for the start and end date of <i>each</i> course.	N/A	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to set alerts for the start and end date of <i>each</i> course.

	0=UNSATISFACTORY/NOT PRESENT	1=NEEDS IMPROVEMENT	2=COMPETENT
A6G. SHARING FEATURES	The candidate does not provide an Android (version 4.0 or higher) mobile application that includes features that allow the user to share notes via a sharing feature.	N/A	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to share notes via a sharing feature.
A7A. ASSESSMENTS FOR EACH COURSE	The candidate does not provide an Android (version 4.0 or higher) mobile application that includes features that allow the user to add performance assessment and/or objective assessments for <i>each</i> course, including the title and due date of each assessment.	N/A	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to add performance assessment and/or objective assessments for <i>each</i> course, including the title and due date of each assessment.

	0=UNSATISFACTORY/NOT PRESENT	1=NEEDS IMPROVEMENT	2=COMPETENT
A7B. PHOTO INSERTION	The candidate does not provide an Android (version 4.0 or higher) mobile application that includes features that allow the user to insert photos to notes using a camera for <i>each</i> assessment.	N/A	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to insert photos to notes using a camera for <i>each</i> assessment.
A7C. ASSESSMENT INFORMATION	The candidate does not provide an Android (version 4.0 or higher) mobile application that includes features that allow the user to enter, edit, and delete information for <i>each</i> assessment.	N/A	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to enter, edit, and delete information for <i>each</i> assessment.

	0=UNSATISFACTORY/NOT PRESENT	1=NEEDS IMPROVEMENT	2=COMPETENT
A7D. GOALS DATES	The candidate does not provide an Android (version 4.0 or higher) mobile application that includes features that allow the user to set alerts for goal dates for <i>each</i> assessment.	N/A	The candidate provides an Android (version 4.0 or higher) mobile application that includes features that allow the user to set alerts for goal dates for <i>each</i> assessment.
B. SCREEN LAYOUTS	The candidate provides 0–3 screen layouts, including appropriate GUI elements for <i>each</i> screen.	The candidate provides 4–6 screen layouts, including appropriate GUI elements for <i>each</i> screen.	The candidate provides 7 screen layouts including, appropriate GUI elements for <i>each</i> screen.
C. STUDENT SCHEDULER AND PROGRESS TRACKING APPLICATION	The candidate does not provide a scheduler and progress tracking application in the mobile application from Part A.	N/A	The candidate provides a scheduler and progress tracking application in the mobile application from Part A.

	0=UNSATISFACTORY/NOT PRESENT	1=NEEDS IMPROVEMENT	2=COMPETENT
C1. IMPLEMENTATION REQUIREMENTS	The candidate provides a mobile application that includes 0–7 of the given implementation requirements.	The candidate provides a mobile application that includes 8–11 of the given implementation requirements.	The candidate provides a mobile application that includes all 12 of given implementation requirements.
C2. INTERFACE REQUIREMENTS	The candidate provides a mobile application that includes 0–5 of the given interface requirements.	The candidate provides a mobile application that includes 6–7 of the given interface requirements.	The candidate provides a mobile application that includes all 8 of the given interface requirements.
D. STORYBOARD	The candidate does not provide a storyboard that includes <i>each</i> of the menus and screens from part B to demonstrate application flow.	The candidate provides a storyboard, with insufficient detail, that includes <i>each</i> of the menus and screens from part B to demonstrate application flow.	The candidate provides a storyboard, with sufficient detail, that includes <i>each</i> of the menus and screens from part B to demonstrate application flow.
E. SCREENSHOTS	The candidate does not provide screenshots to demonstrate the creation of a deployment package.	N/A	The candidate provides screenshots to demonstrate the creation of a deployment package.

	0=UNSATISFACTORY/NOT PRESENT	1=NEEDS IMPROVEMENT	2=COMPETENT
F1. MOBILE APPLICATION DEVELOPMENT	The candidate does not provide a logical explanation of mobile application development through the context of the architecture involved, including hardware and software capabilities and limitations.	The candidate provides a logical explanation, with insufficient detail, of mobile application development through the context of the architecture involved, including hardware and software capabilities and limitations.	The candidate provides a logical explanation, with sufficient detail, of mobile application development through the context of the architecture involved, including hardware and software capabilities and limitations.
F1A. OPERATING SYSTEM	The candidate does not identify which version of the operating system the application was developed under and is compatible with.	N/A	The candidate identifies which version of the operating system the application was developed under and is compatible with.
F2. DESCRIPTION OF CHALLENGES	The candidate does not provide a reasonable description of the challenges faced during the development of the mobile application.	The candidate provides a reasonable description, with insufficient detail, of the challenges faced during the development of the mobile application.	The candidate provides a reasonable description, with sufficient detail, of the challenges faced during the development of the mobile application.

	0=UNSATISFACTORY/NOT PRESENT	1=NEEDS IMPROVEMENT	2=COMPETENT
F3. SOLUTIONS TO CHALLENGES	The candidate does not provide a reasonable description of how <i>each</i> challenge described in part F1 was overcome.	The candidate provides a reasonable description, with insufficient detail, of how <i>each</i> challenge described in part F1 was overcome.	The candidate provides a reasonable description, with sufficient detail, of how <i>each</i> challenge described in part F1 was overcome.
F4. DIFFERENCES	The candidate does not provide a reasonable description of what the candidate would do differently if the project were done again.	The candidate provides a reasonable description, with insufficient detail, of what the candidate would do differently if the project were done again.	The candidate provides a reasonable description, with sufficient detail, of what the candidate would do differently if the project were done again.
F5. EMULATOR DESCRIPTIONS	The candidate does not provide a reasonable description of how emulators are used and the pros and cons of using an emulator vs. using a development device.	The candidate provides a reasonable description, with insufficient detail, of how emulators are used and the pros and cons of using an emulator vs. using a development device.	The candidate provides a reasonable description, with sufficient detail, of how emulators are used and the pros and cons of using an emulator vs. using a development device.

	0=UNSATISFACTORY/NOT PRESENT	1=NEEDS IMPROVEMENT	2=COMPETENT
G. SOURCES	When the candidate uses sources, the candidate does not provide in-text citations and references.	When the candidate uses sources, the candidate provides appropriate in-text citations and references with major deviations from APA style.	When the candidate uses sources, the candidate provides appropriate in-text citations and references accurately or with only minor deviations from APA style.
